

The Leader in IP Video Hosting and Real-Time Remote Surveillance Services

## PROTECT LIFE, SUPPORT OFFICERS, REDUCE RESPONSE TIME, MITIGATE RISK Save money, while enhancing safety, security and reducing liabilities

When life is on the line there's no time to call in for backup or rewind the turn of events. So, why risk a delayed response when you can have someone watch your back in real time? Protect what's most important by choosing the only provider of in-vehicle mobile video, video hosting and real-time remote surveillance that is SAFETY Act Designated by the U.S. Department of Homeland Security.

SAFETY Act Designated

Iveda Solutions is the premiere online provider of in-vehicle mobile video, hosting and real-time remote video surveillance technology. Our unique approach to providing online security surveillance services and human analytics through "cloud computing" has awarded Iveda Solutions the **SAFETY Act Designation**, which provides our customers liability protection from malicious or criminal acts against their property or personnel – as a result of failure of our products or services that were installed with the intent to prevent such an occurrence.
